

*Child & Family Center
presents*

Specialized Parenting

*Free Education Class
for parents and caregivers of children ages 0-17
with different needs.*

- Education on the behaviors common to the child/teen's mental health issue(s).
- Adaptive parenting strategies based on individual need.
- Skill development for nurturing and nonviolent discipline approaches to parenting.
- Addressing the problems in the personal lives of parents (healthcare, stress, and communication skills) that may contribute to parenting struggles.
- Identifying additional community resources that may benefit the family.
- A supportive and positive environment in which to learn new skills.

*Classes are ongoing and can
be joined at any time.
Wednesdays 6:00 - 7:30
